

Table of Contents

CONSTRUCTION AND ARCHITECTURE

<i>V. S. Fedorov, V. E. Levitsky</i> Using of the object-oriented approach to the assessment of fire resistance of structures.....	5
<i>N. V. Kupchikova, J. A. Gotman</i> The effectiveness of consolidation of soil under the lower end of pile foundations and deep excavations around	13
<i>P. V. Yakovlev, N. Yu. Saprykina</i> The efficiency of heating systems and air conditioning systems, heat pump	27
<i>A. V. Moskvicheva, E. V. Moskvicheva, A. V. Scherbakov, L. V. Olefirenko, O. P. Radchenko, L. V. Boronina</i> Some aspects of the use of the zeolite for purification of wastewater from metal ions	33
<i>N. A. Strakhova, B. B. Utegenov, A. M. Kokarev, V. A. Pozdnyakova, L. P. Kortovenko, Bn. Means, N. A. Belova</i> A composite construction high tensile strength material	37
<i>Fedorov V. S., Kupchikova N. V.</i> Device technology, terminal broadening of the piles and their impact on the shaping of structures of the foundation	40
<i>A. Sinelschikov, N. Panasenko</i> Finite-elemental analysis of seismic resistance of loaded cranes based on double dimensional elements	56
<i>A. G. Gorbunova, A. Karamysheva, M. Ahmedova</i> Automated control of air pollution as a factor of providing ecological safety for human life in the urban environment.....	73
<i>N. A. Zabalueva, I. V. Besedina</i> A feature of the architectural solution of the centre Georges Pompidou in Paris	76
<i>K. S. Irkhina, N. A. Morgun</i> Formation of the sanatorium-resort complex in the Black sea coast of the Republic of Crimea, the city of Saki.....	83
<i>L. M. Reznitskaia, E. A. Orlova</i> Trends formirova new cultural centres and the choice of location for a cultural centre in the city of Rostov-on-Don.....	90

SAFETY OF HUMAN ACTIVITIES

<i>T. U. Esmagambetov, E. V. Kostina, V. V. Samsonov, O. M. Shikulskaya</i> The business processes model of the emergency reaction At the fires in buildings of the inhabited sector	97
<i>L. P. Tretiak, A. M. Rudenko</i> Peculiarities of professional risk management system.....	105

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>I. Yu. Petrova, Yu. A. Lezhnina, O. I. Evdoshenko</i> Automate the calculation of dynamic characteristics of complex parametric structural schemes.....	110
<i>E. M. Bialetskaya, E. M. Derbasova, A. S. Lutsev</i> System analysis of electric power balances and loads on electric networks.....	119
<i>O. M. Protalinsky, T.V. Khomenko</i> Typization of automated design procedures of the evaluation system indicators of emergency situations complex technical systems.....	127
<i>S. S. Targachev, I. S. Prosvirina</i> Mathematical model of alternative energy sources for low-rise construction in the Republic of Dagestan.....	133
