INTRODUCTORY REMARKS

BY THE EDITOR-IN-CHIEF5

CONSTRUCTION AND ARCHITECTURE

T. V. Zolina

Assessment of the residual resource
of the industrial building with bridge cranes
in the process of its operation.....6

I. G. Ovchinnikov, A. P. Kosaurov, D. I. Surov
Continuous remote monitoring and diagnostics
of technical condition of bridges.....16

T. V. Zolina, N. V. Kupchikova
Research of the influence of vibration impacts
from vehicles on the state of the foundation
structure of a residential building.....24

*L. N. Fesenko, I. V. Pchelnikov, A. S. Terikov,
A. S. Pchelnikova, Nguyen Thi Tuan Ziep*
Study of the effect of the concentration
of active chlorine on the oxidative
reducing potential of water29

N. S. Serpokrylov, S. Z. Tazhieva
The method of calculation and technique
and economic performance in the radial-upward
filtering modes "inside – out"
and "outside – inside"33

A. G. Gorbunova, A. M. Kapizova
Ecological zoning of the territory
sanitary protective area of the gas
processing complex in the Astrakhan region38

R. V. Khrestenko, V. N. Azarov
About requirements to containers
for collecting oily waste
in urban environment.....41

*K. A. Proshunina, A. A. Podolsckaya,
K. A. Elchaninova*
Conceptual representations of leisure
experimental area for disabled on sight.....45

*T. P. Tolpinskaya, E. V. Alzemeneva,
Ju. V. Mamaeva*
The main directions of the renovative process
in transforming industrial territories
to public spaces52

A. O. Netesov, D. D. Stolyarova, R. S. Zhukovsky
Overview of architectural and urban
development features of sub-downtons
in middle and peripheral planning areas
of large and largest cities
in northern countries.....63

*V. S. Fedosikhin, O. M. Shentsova,
D. D. Hismatullina*
Life of residents of magnitogorsk on the edge
of the architectural socialist experiment..... 72

B. L. Ilyukhin
Methods for forming a spatial organization
of villages of the Astrakhan region..... 80

I. A. Ivanchenko
Wooden architecture –
architecture of the future 88

A. A. Zakharochkina, A. V. Skopintsev
Architectural and landscape formation
of sports and health centers on relief
in Rostov-on-Don 95

V. S. Fedorov, N. V. Kupchikova, M. D. Gavrikov
Numerical studies of the operation of a pile
with end spherical broadening
as part of a pile group 100

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

T. U. Esmagambetov, O. M. Shikulskaya
Model of effectiveness assessment
of the tasks solution of management
by processes of the emergency reaction
as multi-state sistemy 108

V. P. Bykova
Laboratory practicum performance
in electrical engineering and physics
using the software and hardware package..... 114

M. V. Byrdina, M. F. Mitsik, L. A. Bekmurzaev
DEscription of air flow velocities
inside the soft shell..... 123

CONGRATULATIONS 127

SCIENTIFIC LIFE..... 129

OUR AUTHOR..... 130

INFORMATION FOR AUTHORS..... 132
