

Table of Contents

CONSTRUCTION AND ARCHITECTURE

<i>K. K. Nezdánov, I. N. Garkin</i> Design of effective crane structures	5
<i>N. L. Tishkov, A. N. Stepanenko, A. V. Belov</i> Optimal force of the preliminary tension of bolts in the flange joint.....	8
<i>A. S. Myasnikov, T. V. Efremova</i> Study of the mathematical model of definition gas capacity of gas pressure regulators	11
<i>P. V. Vishnyakova, T. V. Efremova</i> Development of criteria for determining the type of reconstruction of existing gas reduction points	16
<i>T. V. Efremova, D. Yu. Mirnov</i> Features of hydraulic mode of a gas consumption network of autonomous roof boiler houses for residential buildings.....	22
<i>K. V. Shamshina</i> Experimental research results of deformation properties of compressible reinforced concrete structures with corrosion longitudinal cracks in the protective layer of concrete	26
<i>S. Yu. Kalashnikov, E. V. Gurova, R. Kh. Kuramshin</i> Selected issues of terminology systematization in the subject area of construction-and-engineering expert examination	33
<i>I. I. Ovchinnikov, V. S. Mavzovin</i> Corrosion-mechanical behavior of the rotation shells in a power and temperature field.....	38
<i>I. G. Ovchinnikov, V. S. Mavzovin</i> Trends in optimum design of metal structures taking into account terms of operation	43
<i>K. S. Shtenske, O. N. Paramonova</i> Physical model of reducing environmental pollution solid waste of the example foundries	50

<i>E. D. Khetchuriani, V. L. Bondarenko, A. I. Ylyasov, T. E. Khetsuriani</i> Structural and technological systems for ensuring environmental safety of water intake technological complexes	55
<i>N. V. Ivanova, A. V. Makarov, S. A. Kalinovsky</i> Bionic aspect of building of bridges on example of motor-car bridge in Volgograd	60
<i>N. V. Ivanova, I. Yu. Podkovyrov</i> Development of model of landscape-ecological reconstruction of green ring round city on example of Volgograd	64
<i>M. Yu. Gavrilova, A. M. Gavrilov</i> Methods of using water structures in the formation of public urban spaces	69

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>I. X. Siddikov, Yu. A. Lezhnina, I. M. Honturaev, M. T. Maksudov, A. A. Abdumalikov</i> A study of the reliability and probability of monitoring and control sensors for energy management	74
<i>K. A. Proshunina, I. Yu. Petrova</i> Information system of design activity in the historical and cultural environment.....	78

SAFETY OF HUMAN ACTIVITIES

<i>S. A. Sobolev, A. V. Pogozhev, I. T. Bogatyrev, A. M. Kapizova</i> Support for making management decisions when extinguishing fires in specially protected natural territories (on the example of the Astrakhan Region)	84
