

Table of Contents

CONSTRUCTION AND ARCHITECTURE

N. L. Tishkov, P. I. Yegorov, Ya. Yu. Zakharova, V. S. Popova
Improvement of the design of a metal-wooden beam of a I-section 5

V. S. Fedorov, V. Ye. Levitskiy, Ye. A. Isaeva
Thermal degradation of rigid characteristics of bending reinforced concrete elements under non-stationary one-side heating from the stretched zone side.....10

G. L. Safina, E. R. Rakhmatullina
Suspension filtration in a porous medium with two types of concentration function.....16

M. F. Rudenko, V. N. Sainova, Yu. V. Shipulina, L. P. Tretyak, A. A. Tokareva
Solar sorption thermotransformers for heating and air conditioning systems.....22

E. Ye. Semenova, T. V. Bogatova, A. V. Isanova, M. V. Rubtsova
Using heat pumps to increase energy efficiency in civil buildings29

G. B. Abuova, A. E. Kharlamova, A. S. Sardina
The effectiveness of the use of water hyacinth (Eichhornia crassipes) during the post-treatment of wastewater.....33

D. Yu. Nebratenko
ABCD – a method for evaluating the low-temperature behavior of road binders37

A. A. Adonyeva, I. A. Yefremov, A. S. Pokatayev, N. I. Savenkova, D. Yu. Nebratenko
Methodology for assessing the aggregate state after freezing of plastificators for polymer-modify bitumen41

P. A. Zhuravlev, A. M. Marukyan
Features of pre-project studies in investment and construction activities (Part 2).....47

A. V. Sinelshchikov
Ensuring the completeness of accounting for eigenmodes and frequencies in the calculation of structures for seismic resistance.....52

O. B. Zavyalova, V. V. Kulikov
Features of creating calculation schemes, calculation and construction of a multi-storey frame building in compliance with measures of protection against progressive collapse58

G. B. Abuova, I. Yu. Kireyeva, D. A. Batayev
Assessment of the environmental impact of the construction of berths on coastal river ecosystems.....65

N. P. Prikazchikova, A. S. Voloshina, V. V. Afinogenova
Fine arts as an aspect of formation of the architect and its importance in professional activities69

A. N. Goykalov, T. V. Makarova, A. Yu. Semenikhina
Development of a method for assessing the quality of architectural and historical environment.....73

Ye. N. Lebedeva
Features of the natural and climatic formation of the residential environment during the refunctionalization of the industrial territories of the "gray belt" of St. Petersburg79

N. S. Dolotkazina, A. A. Bikmambetova
Modern trends in the design of public baths84

S. A. Kalinovskiy, A. V. Makarov, D. A. Gurova, I. V. Shestopalov
The role of bridges in improving the quality of the urban environment and creation of the architectural ensemble of the city90

T. V. Zolina, N. V. Kupchikova, K. Ye. Dzhantazayeva, Ye. Ye. Kupchikov

Scientific substantiation of the database for measuring the density of heat flows through a window block in the mobile application "House-expert".....95

N. V. Kupchikova, A. S. Tarkin, Ye. Ye. Kupchikov
The concept of managing the examination of the geofoundation, foundations and foundations at all stages of the life cycle.....101

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

N. V. Lazareva, A. Y. Zinovyev
Use of building information models for construction and technical expertise.....105

A. A. Mershchiev, R. A. Sheps, D. V. Lobanov, V. A. Fedorova, A. A. Ryazantseva
Determination and evaluation of parameters of artificial lighting light medium at workplace111

S. S. Gusev, V. V. Makarov
(OTO3BAHA/RETRACTED 14.07.2022)
A site control system with a modular structure and support for multilingualism and caching using XML and AJAX technologies.....117

S. S. Gusev, V. V. Makarov
(OTO3BAHA/RETRACTED 14.07.2022)
Research of the project of the process information system of supply chain management on the example of the business process of LLC «AUVIX».....122

A. V. Yershov, V. B. Korobko, O. M. Shikulskaya, E. N. Kiyatkina, I. O. Voropayev
On methodological approaches to fire risk management.....129

S. V. Prigaro
Approaches and methods of management of university campuses.....133

I. O. Temkin, S. A. Deryabin, T. A. Korolkov, A. A. Valova, Ye. I. Kondratyev
Monitoring system of industrial activity of employees of the construction sites.....140

K. D. Yaksubaev
Oscillation suppression interpolating Lagrange polynomial.....145

M. I. Shikulskiy, Ye. M. Yevsina, Ye. P. Kravchenkova
Mathematical model and algorithm for distribution and control of educational load between professor-teaching staff.....151

M. I. Shikulskiy, Ye. M. Yevsina, T. P. Kravchenkova
Development of a mathematical model distributions of the stimulation fund, taking into account the rating evaluations of professor-of the teaching staff of the university.....157

SAFETY OF HUMAN ACTIVITIES

M. S. Bodnya
Analysis of the dynamics of occupational injuries in the Astrakhan region for the period 2018–2021.....164

O. M. Shikulskaya, I. T. Bogatyrev, G. N. Popov, V. V. Samsonov
Functional modeling and planning of fire extinguishing and emergency rescue operations during aircraft emergency landing.....170

CONGRATULATIONS.....176

SCIENTIFIC LIFE.....177

INFORMATION FOR AUTHORS178
