CONSTRUCTION AND ARCHITECTURE

<i>A. D. Vilisova</i> Improving construction design management based on cloud technologies in the context of economy digitalization	5
<i>P. A. Zhuravlev, A. M. Marukyan</i> Features of pre-project studies in investment and construction activities (Part 1)	10
<i>Z. R. Tuskaeva, O. U. Farniev</i> Assessment of environmental safety of buildings	16
<i>P. D. Solovyova, N. A. Novinskaya</i> Relevance of the architectural development of small cities in Russia	21
<i>T. Z. Ziyatdinov</i> Development of transport systems of large urban agglomerations centers of RUSSIA in the XXI century	25
<i>N. I. Ermolin, O. A. Ermolina, N. A. Raktovich</i> Outdoor advertising in the historical center of Astrakhan.....	30
<i>S. A. Razdrogina</i> About fractal models in architecture of Astrakhan	35
<i>N. S. Samarskaya, O. N. Paramonova, Y. S. Borisova</i> Life cycle of a wind power plant	41
<i>S. Yu. Kalashnikov, T. M. Bagautdinova, I. S. Khokhlova</i> Ensuring quality control of work during major repairs of residential buildings by authorized executive authorities.....	45
<i>N. V. Kupchikova</i> On the factors affecting the reliability of pile foundations with widenings	54

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>V. M. Zaychenko, D. A. Solovyev, L. A. Shilova</i> Evaluation of the efficiency of Russian centralized and distributed power generation	62
<i>A. P. Lapshin, E. A. Zhidko</i> Means and methods of ensuring the survivability of ground-based critical aviation objects from information and technical impacts	67

<i>N. V. Knyazeva</i> Application of evolutionary algorithms for automated routine tasks of enumerating design options	73
<i>S. I. Noskov, A. A. Khonyakov</i> Application of risk function to model description of price fluctuations in the real estate market	77
<i>A. A. Trifonov, E. V. Petrunina, L. P. Lazurina</i> Contemporary tendencies of the robot-assisted neurorehabilitation: multimodal assessment of restoring body function.....	82
<i>N. V. Martinovich, A. V. Kalach, M. B. Shmyreva</i> Approach to assessment of information load of a typical fire and rescue unit of GPS EMERCOM of Russia	89
<i>O. Y. Michurina, N. A. Dubinina, S. S. Sabitov, O. V. Kudryavtseva, A. A. Kushner</i> Changing the fuel regime as a way of resource-saving of the oil and gas industry enterprise	93

SAFETY OF HUMAN ACTIVITIES

<i>V. V. Makarov, S. S. Gusev</i> (N.B. OTO3BAHA/RETRACTED 14.07.2022) Algorithms of operation of the fire alarm system as a segment of the «smart home»	99
<i>M. B. Gambotov, D. A. Bagdadyulyan, A. M. Kapizova</i> Factors influencing the elimination and extinguishing of fires in hospital institutions on the example of the Akhtuba district hospital of Astrakhan Region.....	107
<i>S. S. Gusev, V. V. Makarov</i> (N.B. OTO3BAHA/RETRACTED 14.07.2022) Iterative models of evacuation of people from the building as components of the «smart home»	114
<i>F. A. Dali</i> Analytical model of inspection of protected objects for compliance with fire safety requirements	122
