

Table of Contents

CONSTRUCTION AND ARCHITECTURE

<i>D. A. Tarasov</i> Parametric optimization of flexible rigid threads under given permissible stresses and deformations.....	5
<i>A. R. Kurmangalieva</i> Rational model of the rain sewer system in the conditions of point high-rise buildings in Astrakhan	9
<i>A. V. Belov, A. N. Stepanenko</i> On the stressed state of the box-section beam elements near the junction with the inclined flange	14
<i>D. A. Tarasov</i> Numerical simulation of the operation of bending elements in the elastic-plastic region under the action of a transversal impact.....	19
<i>S. P. Prokin, V. Ya. Svintsov, R. V. Mukanov, Yu. A. Alyautdinova</i> Approbation of the experimental setup performed on the basis of the modernized stalagmometer as applied to the study of the dispersion process in a high-voltage electrostatic field	23
<i>D. A. Zhiotov, Yu. I. Tilinin</i> Promising technologies for additive manufacturing of CFRP wall formwork	28
<i>K. A. Gureyev, D. V. Tryastin</i> The ways to increase sound insulation in houses built using monolithic frame technology	31
<i>O. A. Khokhlova, Ye. V. Ponomareva, A. V. Sinelshchikov</i> Modification of the numerical method for solving problems of kinematic and dynamic analysis of mechanisms.....	36
<i>S. A. Razdrogina</i> The influence of architecture on the emotional state of a person	42
<i>P. P. Oleynikov</i> Features of architectural activities in the chief town of a uyezd called Tsaritsyn	46
<i>Yu. S. Bragintseva, A. V. Skopintsev</i> Perspective functional and spatial models of centers for creative development of children.....	50
<i>K. A. Proshunina, I. A. Ovcherenko</i> Concept of planning organization of urban spaces for skateboarding	55
<i>A. A. Vasilyeva</i> Parking design concepts in the conditions of the current historical development on the example of the Astrakhan Spit district.....	61
<i>V. M. Bogdanov, A. V. Skopintsev</i> A model of the evolution of the architectural environment of a block building (on the example of the city of Krymsk).....	66
<i>S. B. Sborshchikov, P. A. Zhuravlev</i> General scheme of organization of territory reengineering and buildings	71
<i>K. G. Kondrashin, S. P. Strelkov, R. A. Petrov, T. K. Kurbatov</i> Multi-criteria system for assessing the impact of highways in residential zones on the human state	74

<i>V. K. Likhobabin, M. N. Yemelyanova, A. I. Samoylichenko, Ye. V. Solyakova, K. V. Ternoskova</i> Features of the modern development of the investment construction complex.....	78
<i>S. Yu. Kalashnikov, E. V. Gurova</i> Implementation of incremental yield conditions in spherical coordinates	83

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>K. A. Proshunina, T. V. Khomenko</i> Life cycle of urban planning system.....	88
<i>O. G. Mukhamedzhanova, L. R. Satlykova</i> Statistical analysis during interlaboratory comparison tests	94
<i>I. A. Dubov, N. M. Rashevskiy, K. D. Yanin, P. Yu. Galyanina</i> Approaches to collecting information to form a knowledge model of visual ecology.....	98
<i>V. S. Spirina, E. D. Guseynikova</i> Model of comprehensive assessment of the attractiveness of commercial real estate, taking into account the economic, territorial, and social characteristics of the location area	103
<i>E. M. Byaletskaia, S. A. Byaletskiy, N. G. Ismailov, N. G. Shaboyants</i> System for analyzing the operation of devices for measuring and accounting thermal energy	108
<i>T. A. Korolkov, S. A. Deryabin, I. O. Temkin, Rzazade Ulvi Azar oglu, A. A. Valova</i> Model development to identify activities of construction labourers.....	112
<i>A. N. Tarkov, S. V. Okladnikova</i> Software module for forming a bank of test materials for assessing competence formation of students under the programs of basic educational programs	117
<i>S. I. Noskov, Yu. A. Bychkov</i> Application of the method of maximum consistency for construction of a multi-factory regression model of introduction of housing at the regional level	122
<i>K. A. Shumilov, Yu. A. Guryeva</i> Modeling complex architectural objects using Grasshopper, Rhino and Archicad	126
<i>V. M. Zaripova, I. Yu. Petrova</i> Legacy information systems. Problems and solutions	130
SAFETY OF HUMAN ACTIVITIES	
<i>A. G. Chernyshova, A. M. Kapizova, D. A. Bagdagulyan</i> Peculiarities of the organization of the system of occupational health and safety at the enterprises of the gas fuel recycling industry	137
<i>Yu. A. Rogova</i> Hardware and software complex of early fire alerts based on remote monitoring and intelligent neural network recognition.....	143
SCIENTIFIC LIFE	149
INFORMATION FOR AUTHORS	150
