

Table of Contents

CONSTRUCTION AND ARCHITECTURE

<i>Yu. O. Pashchenko, M. I. Marchenko</i> Study of sound insulation of enclosing structures made of wall blocks	5
<i>G. D. Lelikov, K. V. Zherdev, V. A. Antonova</i> Results of experimental studies of dynamic test of anchor line on roofing	9
<i>A. N. Shebunyaev</i> Review of the results of studies of the influence of vibrations on the mechanical properties of sandy soils	15
<i>Sh. V. Buzikov, M. V. Motovilova</i> Application efficiency study compaction machines when forming road surfaces taking into account the stress-strain state of asphalt concrete layers	22
<i>Z. G. Ter-Martirosyan, A. N. Shebunyaev</i> Movement a long rod through a sandy specimen under the action of a dynamic load	27
<i>Yu. A. Alyautdinova, R. V. Mukanov</i> Study of microclimate parameters in classrooms in order to determine the conditions of comfort	32
<i>Rahal Zakaria, Chekima Hamza, N. S. Serpokrylov</i> Treatment of wastewater containing organic and inorganic pollution COD using palm leaves	37
<i>B. B. Utegenov, R. I. Shayakhmedov</i> Washing sand for concrete mixture using surface-active substances in a vortex mixing apparatus	43
<i>S. A. Loginova, A. A. Petrenko</i> Research on the impact of biota on concrete	47
<i>A. A. Adonyeva, P. A. Lukyanets, N. A. Lushnikov, A. S. Pokatayev, N. I. Savenkova, V. Ye. Nikolayevskiy, D. Yu. Nebratenko</i> The relationship between the quality of plasticisers and the properties of polymer-bitumen binders	51
<i>M. O. Korovkin, N. A. Yeroshkina, A. A. Korotkova</i> Influence of mineral additives on the efficiency of superplasticizers in self-compaling fine-grained concrete mixtures	56
<i>P. A. Zhuravlev, A. M. Marukyan</i> Features of the organization and accounting of temporary construction infrastructure (part 1)	61
<i>A. S. Chugunov, O. V. Zhadan</i> Calculation of dowel joints of elements of wooden structures, taking into account elastic-plastic work	67
<i>O. B. Zavyalova, D. D. Vinogradov</i> Calculation method for progressive failure monolithic high-rise building hotel in PC SCAD	72
<i>A. Yu. Skryabin</i> Rotation of liquid chlorine to hypochlorite as a solution to the problem of man-made and environmental safety when disinfecting water	78
<i>Ali Al-Samavetli, A. V. Skopintsev</i> Functional and typological models of tourist complexes in the wetlands of Southern Iraq	82

<i>A. E. Tkachuk, A. N. Goykalov, M. V. Novikov</i> Double facade design in the architecture of buildings in the arctic regions	87
<i>K. A. Shumilov, Yu. A. Guryeva</i> Application of Grasshopper, Rhino and Archicad for modeling various shapes architectural objects containing elements of complex geometry	92
<i>O. A. Sotnikova, T. S. Khaleyeva, V. V. Kashirin, S. A. Borisov</i> Complex formation of recreational zones as a factor of sustainable development of Voronezh urban space	95

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>N. A. Dubinina, O. Yu. Michurina, O. V. Kudryavtseva, A. A. Kushner</i> Practical experience in implementing the csr concept at the enterprises of the fishing industry	102
<i>V. F. Shurshev, O. V. Kudryavtseva, I. I. Shukurov</i> Assessment and management of bankruptcy risks	109
<i>Ya. A. Ovchinnikov, Ye. V. Mishkina</i> Development of management solutions directed at eliminating the problem of breaking up the space of shopping centers	114
<i>R. V. Tsvetkov, G. N. Gusev, V. V. Yepin, A. P. Shestakov</i> Numerical analysis of transient processes in a hydrostatic level with a grid connection of sensors	118
<i>T. U. Yesmagambetov, O. M. Shikulskaya, I. T. Bogatyrev, M. I. Shikulskiy</i> Modeling of fire extinguishing and emergency rescue operations in children's institutions	123

SAFETY OF HUMAN ACTIVITIES

<i>A. M. Kapizova, A. G. Chernyshova</i> The specifics of the organization of extinguishing fires in an industrial zone on the example of a hazardous production facility in the Astrakhan Region ...	129
<i>R. Yu. Seytzhano, D. A. Bagdagulyan, A. M. Kapizova</i> Factors affecting the management of forces and means to extinguish a fire on the territory of the factory for the production of rubber shoes LLC "DUNE-AST"	134
<i>V. S. Fedorov, T. V. Zolina, N. V. Kupchikova, A. S. Resnyanskaya</i> Structural fire engineering in the management of the design stage of a high-rise building taking into account safety requirements	141
<i>T. V. Zolina, N. V. Kupchikova, K. Ye. Dzhantazayeva, Ye. Ye. Kupchikov</i> Digitalization of the pre-project and project stages in the implementation of the investment and construction project of a multifunctional residential complex	144
