

Table of Contents

CONSTRUCTION AND ARCHITECTURE

<i>A. V. Makarov, A. A. Vasilchenko, Kh. I. Magomedov</i> Role of supporting parts in long-term operation of bridges	5
<i>A. V. Sinelshchikov, R. A. Zavyalov</i> Influence of external load on changes in natural frequencies and forms of vibrations of industrial buildings. part.....	8
<i>E. Ye. Semenova, A. A. Rybalko, Yu. A. Chernikova</i> The influence of the climatic area of construction on the thermal characteristics of external enclosing structures, taking into account energy saving	13
<i>A. V. Isanova, Ye. D. Kretova, V. I. Lukyanenko</i> Application of modern thermal insulation based on aerogel when designing energy-efficient buildings of ellipsoidal shape.....	19
<i>M. Yu. Dyagelev, A. A. Abramova</i> Analysis of methods for the detection of antibiotics in wastewater	24
<i>A. Yu. Fedotova, Ye. V. Astrakhantseva, M. Yu. Dyagelev</i> Investigation of the occurrence and removal of microplastics in wastewater treatment plants	28
<i>R. I. Shayakhmedov, S. S. Yevseyeva</i> Complete processing of solid household waste into raw materials and fuel for cement production.....	33
<i>B. B. Utegenov, R. I. Shayakhmedov</i> Determination of the optimal degree of disintegration of river sand in the vortex mixing apparatus	35
<i>V. K. Likhobabin, D. N. Sukhareva, A. V. Rukavishnikova</i> Technical and economic assessment and selection of effective design solutions in housing construction for the city of Astrakhan	41
<i>P. A. Zhuravlev, S. B. Sborshchikov</i> Technical and economic grounds for the management of investment programs for the reengineering of territories and development.....	47
<i>O. Yu. Michurina, N. A. Dubinina</i> The impact of the construction and operation of main gas pipeline systems on the environment.....	53
<i>Ye. I. Krupnov, S. M. Kulagin, M. V. Loseva, N. N. Yarunina, S. A. Loginova</i> Environmental aspects of the design and construction of energy facilities	58
<i>V. S. Odintsova, A. A. Putintseva</i> The development of the architectural environment of the embankment as a basis for the development of the tourist potential of the city of Feodosia.....	65
<i>S. N. Torgashina, T. B. Gadaborsheva, I. N. Garkin</i> Conceptual project of restoration of the main structure of the funeral complex in the city of Volzhsky, Volgograd region	69

<i>S. S. Rekunov, A. A. Churakov, I. V. Fedosyuk</i> Operational reliability estimation of the building of mechanisms and controls during the reconstruction of hydraulic structures.....	75
--	----

<i>N. V. Kupchikova</i> Pile foundations with several extensions for weak and structurally unstable foundations. Part 1	81
<i>T. V. Zolina, N. V. Kupchikova</i> Digital cases as a tool for digital transformation of project activities	86

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

<i>V. I. Zhigulin, K. A. Shumilov, V. A. Alfimov</i> Speed analysis and recommendations for working with neural networks	92
<i>N. I. Yermolin, O. A. Yermolina, A. P. Oksenyuk</i> Use of building information modeling technology for cultural heritage objects.....	95
<i>N. S. Maltseva, R. R. Azhmuratova, D. S. Bondarenko</i> Extending the service life of a wireless sensor network environmental monitoring.....	99
<i>T. I. Gayrabekova, T. V. Shurshev</i> Development and sequence of implementation of components of the information and analytical support system	104
<i>Ya. A. Ovchinnikov</i> The use of regression analysis in constructing a portrait of a shopping center consumer.....	108
<i>S. V. Meshcheryakov, V. F. Shurshev</i> Application of blockchain technologies for accounting and registration of land plots.....	112
<i>G. B. Abuova, M. I. Shikulsky, O. M. Shikulskaya</i> Development of a decision support system by selection of technologies for purification of surface natural water	115
<i>S. V. Okladnikova</i> Cloud solutions in forming digital competencies in project management in construction students.....	121
<i>S. P. Zatorskiy, K. A. Shumilov</i> Automation of design processes in a work environment using dynamo revit	125
<i>S. I. Noskov</i> Analysis of the response of linear regression parameter estimates to data outputs (by the example of a housing price model)	128
<i>R. Z. Khayrullin</i> Computational and experimental method f or statistical processing of small sam-ples.....	131
