

Table of Contents

CONSTRUCTION AND ARCHITECTURE

*A. V. Ignatyev, M. I. Bochkov,
S. A. Kalinovskiy, I. S. Zavyalov*
An ideal hinge connection of rod
and plate finite elements of mixed form5

B. B. Utegenov, R. I. Shayakhmedov
CHEMICAL treatment
of the mineral components
of the concrete mix..... 11

Yu. I. Tilinin
Selection of technological ways
for strengthening rubble foundations
and brick walls during reconstruction
of old buildings in St. Petersburg..... 18

D. Yu. Nebratenko
Features of ultraviolet aging
of polymer-bitumen binders 24

S. S. Rekunov, N. V. Kupchikova, A. A. Churakov
Structural and technological solutions
of jumpers – temporary hydraulic structures
and their interface with the soil base 31

*V. P. Titov, V. I. Grishin,
N. V. Kupchikova, Yu. V. Lazutkin*
The spatial development
of Moscow's tram transport infrastructure
and its impact on existing buildings 40

Yu. A. Lazutkin, V. A. Petrov, N. A. Sushilina
Development of constructive
and technological solutions
for the construction of contact networks
of tram and trolleybus lines 50

*A. Ye. Yevseyev, I. N. Garkin,
E. Yu. Abdullazyanov*
Formation of the rod stiffness matrix
by the differential equation
during its bending 57

S. S. Rekunov, N. V. Kupchikova, I. V. Fedosyuk
Numerical simulation of filtration stability
of dams' ground bridges 65

COMPUTER SCIENCE, COMPUTER ENGINEERING AND MANAGEMENT

R. Z. Khayrullin
To construction of assessments
of the technical condition
of the park of measuring equipment74

*V. M. Zaripova, I. V. Aksyutina,
I. Yu. Petrova, A. S. Aleksandrov*
Automation of curriculum development
based on labor market \
requirements analysis.....83

*A. V. Sinelshchikov, Ye. V. Ponomareva,
Ye. D. Ponomareva*
Solution of the galileo problem taken into account
of resistance forces
in the maple environment92
